**Job Title:**

Finisher

**Minimum Experience Required:**

1 Years

**Job Description:**

A finisher works together with cabinetmakers to prepare a cabinet for the final stages of completion by sanding the wood, filling in any nicks, cracks or divots with wood putty and then applying a sealant. After the cabinetry is sealed, it is sanded again and then stained with a color or left natural and then top-coated with a matte, semi-gloss or gloss finish with polyurethane.
